

APINZ MEMBERS TEST DISCOUNTS

At Hill Laboratories, we support the work that Apiculture NZ does for the broader honey industry, and are glad to be able to provide additional benefits to ApiNZ members through favorable pricing for our services. To receive these benefits, customers will need to submit their samples with the specific 'ApiNZ member' analysis request form, and be a current member of ApiNZ.

The request form is available by contacting our Client Service Managers by phone or email, who will guide you through the testing process.
