https://www.mpi.govt.nz/legal/compliance-requirements-secondary-legislation/import-health-standards-ihs/

1. Consignments must be imported in accordance with the import health standard "Research Samples (excluding animal samples)", which is available at: https://www.mpi.govt.nz/dmsdocument/45271

2. Consignments must also be imported in accordance with the HSNO Act approvals NOC100151 and NOC100152, which are available at the following website: https://www.epa.govt.nz/database-search/hsno-application-register/view/APP201737

3. The water samples are eligible for import under Part 2.1 of the above import health standard; and must be directed to the containment facility listed on this permit.

4. The primary packaging of the water samples must only be opened within the containment facility listed on this permit.

This permit replaces permit 2023081848.

Important Information for Permit Holders and Agents

1. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given biosecurity clearance. There are other restrictions in sections 27 and 28 of the Biosecurity Act 1993 which apply to the giving of biosecurity clearance. The Biosecurity Act may be accessed at www.legislation.govt.nz.

2. You will need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions that are applicable. The import health standard may be amended during the course of your permit. The Ministry for Primary Industries will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
